Building Sustainable Partnerships

National Waterways Conference

MG Ed Jackson, P.E.
Deputy Commanding General
Civil and Emergency Operations
U.S. Army Corps of Engineers

17 September 2015
Perspective

“always in motion, the future is…” - Yoda
My Initial Focus Areas

Deliver on Commitments

Strategic Engagement

Continue CW Transformation

Manage Transitions
Making a Difference: Our Commitment to Excellence

Dan Smith
Little Rock Dam Safety Program Manager

William Hill
Lock and Dam Operator
David D Terry L&D

Matt Brock
Dardanelle Marine Terminal
What Can You Do?

- Evangelize Water Resources Infrastructure Value to Nation: Decision makers need to hear from YOU
- Synchronize Messages: Collaborate with ALL stakeholders and beneficiaries
- Facilitate holistic approaches: Help the Nation prioritize investments
- Support innovative approaches for alternative financing…”we must fund infrastructure differently in the future”

“why is infrastructure not a critical issue in the current debate and upcoming election? Who is OUR champion? What is the legacy we leave our kids?”
Thanks!
